#### County Residents:

The following criteria will be used to determine with which of the 15 booster clubs a youth should participate.

When entering the Davidson County Park and Recreation program, each youth has a choice to participate with the Booster club that represents the public elementary school district in which he/she lives or if the child attends a

different public elementary school, he/she may participate with the booster club of that district. Once a child's booster club is determined, his/her eligibility would change only if there is a change in the following:

NOTE: the domicile of their legal guardian (with whom the child lives) living in Davidson County will determine a youth's resident status.

Elementary school District is the standard graduation of elementary to middle to high school all within the same district.

It is the responsibility of each local booster club to verify both the school attendance/residency requirements and the parent/guardian signature on this form. The Davidson County Recreation Department reserves the right to review any registration forms and declares ineligible any participant who has given false information.

Note: A Parent/Guardian may request a Participation Transfer Request to participate from one Booster Club to another Booster Club all within the same high school district. The transfer is for one year only.

It is the responsibility of each booster club to verify both the school attendance/ residency requirements and the parent/ guardian signature on this form. This can be verified through driver's license, utility bill, or tax bill. The Davidson County Parks and Recreation Department reserves the right to review any registration forms and declares ineligible any participant who has given false information.
